Hidden Dangers

Nature Gives Timely Warnings That No Norway Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid, sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the coming of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Norway proof:

Mrs. P. Walker, Cottage street, Norway, Me., says: "I have used Doan's Kidney Pills and must acknowledge that I have been greatly benefited. While my case was in no way serious, I was in misery all the time. Symptoms pointing to a severe kidney disorder. Learning of Doan's Kidney Pills, I decided to try them and procured a box from Stone's Drug Store. In a short time after commencing their use I felt much better and as I continued taking them, I steadily improved. I can recommend Doan's Kidney Pills as an excellent remedy for kidney disease."

Business will prosper Only when people Of the community Make a united effort.

Your business depends On others' prosperity. Unless we work together Results are disappointing. Only those proper Whose patrons are prosperous. Nothing succeeds like success. Towns thrive and flourish Only when they develop To meet their own needs. Neglect no opportunities.

Written for the Advertiser. **Maine's Lament.**

Who has wasted my substance? Who has stolen all my life? That I am left so destitute I can't respect myself. I cannot respect myself. The bodies of my poor. The once so rich children. They live about my door. I cannot understand it. I am puzzled much to see My substance all grow opulent. Though at church they bend the knee; My substance all grow opulent. To bury my poor dead. It makes the old piles bow in shame, And each mourner hide his head.

Uncle Hiram to His Nephew.

He Gives the Youngster a Little Advice as to When to Make Decisions.

"Don't," said Uncle Hiram to his nephew, "make any momentary decision when you're tired. When you're tired you're not ready to make concessions, to give way, and the other man is sure to get the better of us. We often find that it's a good thing when in doubt about anything to sleep on it, and this is sound advice. The general theory of the benefits to be derived from sleeping on a question is that sleep clarifies the mind, but in coming to a settlement about a thing the most important advantage that we find in sleeping on it lies in the renewed strength that sleep gives us. It renews our courage, makes us ready not to give way but to stand up and fight and be it able to fight about my door. I cannot understand it. I am puzzled much to see My substance all grow opulent. Though at church they bend the knee; My substance all grow opulent. To bury my poor dead. It makes the old piles bow in shame, And each mourner hide his head."

Rheumatism Can Be Cured

MORPHINE is no longer necessary in the
treatment of this terrible disease.
TERPENE CAMPHOR COMPOUND cures
where other remedies fail. It does not destroy
the stomach like most other medicines.

Brookton, Mass., January 4, 1911
T. F. Eaton, Dear Sir:—It is with pleasure
that I write you about the benefit I received
from TERPENE CAMPHOR COMPOUND. I was
suffering with Sciatic Rheumatism and was
under the doctors' care a long time. The only
relief I had was when morphine was injected.
As a last resort I tried your TERPENE CAM-
PHOR COMPOUND, and within 48 hours I be-
gan to feel better. In a few days I was able
to resume my duties as a fireman. I am pleas-
ed to recommend TERPENE CAMPHOR
COMPOUND, and will answer any inquiries re-
garding the same.

Yours very truly,

SOUTH WATERFORD.

Flag Day.

The public observance of flag day by
the public schools of Waterford was
postponed from July 14 to June 30, the
closing day of the summer term. By ap-
pointment and in response to the invita-
tion tendered to the people of the town,
a large audience assembled at the Congre-
gational church at the Flat at 10.30 a. m.
Friday when the exercises took place
under the direction of Prof. Emil Herms,
superintendent of schools.

The grand procession was composed
of the children of the public schools di-
rected by their respective teachers, each
pupil bearing aloft a small flag, the cen-
ter pews being occupied by the public
schools to the number of 100. Following
is the program:

Grand procession..... Children
Hymn No. 541..... Clara Pike
Quotations..... Ruth Elliott, Vera Rice, Hazel Kimball
of North Waterford.
A child's answer to the question, "What
is a flag?"..... Rita Merrill, North Waterford
Song..... East Waterford school
Recitation, In Memoriam..... East Waterford school
Molly Pichon at Monmouth.
The banner of the South Waterford school
Song, "Old white flag"..... Clara Pike
Recitation, Our flag..... East Waterford school
Song, "Our flag"..... East Waterford school
Recitation, Our flag..... North Waterford school
Barbara Fritche..... Millett Hill school
The recitation of the poem by Eloise
Millett and the waving of the flag from
the rostrum was rendered very dramatic
by the marching in of a company of
boys armed with imitation guns, repre-
senting the North Waterford school.
A child's answer to the question, "What
is a flag?"..... Clara Pike
Take off your hat when the flag goes by.....
The song of the flag..... Temple Hill school
The song of the flag..... Eleanor Saunders
Song..... Margaret Sias, Flat school
Recitation, Our colors..... Clara Pike
Recitation, Our flag..... Arnold Merrill, Mutiny school
Recitation, My flag..... Dorothy Simpson, Flat school
Concert Recitation, Our flag..... East Waterford school
Hymn..... Prof. Henry Warren
Address..... Prof. Henry Warren

The speaker punctuated his oration
by an eloquent apostrophe to the Stars
and Stripes, an explanation of the sym-
bolism and meaning of the colors, Red,
Courage and Love; White, Purity and
individual and civic life; Blue,
Honesty, Truth and Fidelity to public
and private trusts. Many other pa-
triotic lessons were enforced and num-
erous illustrations of the native nobility
of the sons and daughters of Waterford
were given by this eminent living son
and historian of the town.

Comrade Granville Donald gave a
brief address with reference to the ex-
ceedingly interesting celebration of
the National Flag Holiday. Prof.
Eaton spoke briefly in terms of sincere
appreciation of the manner and spirit
of the observance, and paid a handsome
compliment to the patriotism of Water-
ford citizens. He was followed by Rev.
W. B. Hogue in similar remarks and
closing the exercises with prayer.

From the church, the congregation
joined and marched in procession to the
lawn of the Lake House at the junction
of the road and near the annex to the hotel.
Here was found a new flag-staff 75 feet
in height, made in two sections, and all
fitted with balyards for raising the new
American flag so lately received as a
gift to the town in token of the ad-
miration expressed by a part of gentle-
men who were guests of the Lake
House last year and incidentally pre-
sent at the Flag Day exercises at that
time, for the patriotic attitude of
citizens of Waterford toward the
cultivation of patriotic sentiments in
the minds and hearts of its youth.

This party of a half dozen, were gentle-
men of leisure, touring by automobile
and appeared on the register of the
hotel as members of the "Never-Vac-
ation Club of New York," prominent among
whom was G. A. R. Comrade, by name
of Gen. H. A. R. Comrade. Correspondence
mentioned was between Gen. Wilkins
and Supt. Herms, and in a good time
the beautiful souvenir came to the hands
of waiting friends here. It is of fine
quality of bunting, 18ft. by 10ft. in size.
The story was ended by raising the
flag, which floated out freely and high
in the air, and the patriotic festival was
concluded by a sumptuous dinner on
the village lawn in which was demon-
strated the sympathetic feeling and
generosity of all native residents and the
friends temporarily within our gates.
It was, indeed, a reunion of friendship
and good will.

Comrades of the G. A. R. and veter-
ans present at Flag Day exercises were
W. W. Watson of Rust Post, Nor-
way; E. Billings, Farragut,
Post, Bridgton; W. A. Bogue, North
Waterford; Granville Fernald, John A.
Logan Post, Harrison and John Atherton
of Co. K, 23d Me Regt., not affiliated
with G. A. R.

Envious Women.

You can have just as lovely a Head of
Hair as Any Woman.
Don't feel blue because your hair is
lifeless and faded, get a bottle of Paris-
ian Sage and see how quickly it will be-
come brilliant and fascinating.
Use it daily for a few days and note
how quickly scalp itching ceases and dan-
druff vanishes.
It stops falling hair too and makes
thin scanty hair grow thick and pro-
fusely.
Its real invigorating delightful
hair dressing for men, women and chil-
dren, and best of all, if it doesn't do just
as advertised, get your money back. It
kills the dandruff germs, and for 50
cents you can get a large bottle at
Noyes Drug Store and druggists every-
where. The girl with the Auburn hair
is on every bottle.

NORTH WATERFORD.

Dr. Charles A. Coolidge.

Dr. Charles A. Coolidge passed away
Saturday July 1st at the home of his son,
Dr. C. M. Coolidge, at 81 years of age.
Mr. Coolidge has lived the greater part
of his life in Canton where he was prac-
ticing physician—more than half a century.
Since the death of Mrs. Coolidge a few
years ago he has spent considerable time
with his children and last summer owing
to ill health went to North Waterford to
reside with his son permanently.

He is survived by two sons, H. E.
Coolidge, Esq., of Lisbon Falls and Dr.
C. M. Coolidge of North Waterford and
an adopted daughter, Mrs. Tena Dolloff
of Livermore Falls and several grand-
children.

His remains were carried to Canton,
Monday and the funeral held at his old
home at 2 o'clock. He was buried with
Masonic service, being an honored mem-
ber of Whitney lodge No. 167, F. & A. M.
The floral tributes were beautiful.

Leon Biebee is driving a meat cart.
Rev. and Mrs. B. W. Hague are visited
by their daughter.

John Willis and family have been vis-
ited by his parents.

Several of the parents and children
went to Waterford, Flag day.

hospital to work for a short time.

Louise Nason of Bingham has been
visiting her uncle, Ernest Nason.

her father's, Augustus Manning's.

Mrs. Belle Jones who passed away the
24th was a member of Waterford gauge,
and many of the members attended in a
body and held services at the house.
The floral offerings were many and beau-
tiful. The deceased was 40 years old the
day she was buried. She leaves a hus-
band, son and one brother and other re-
latives. The services were conducted by
Rev. D. W. Hague.

The village schools have closed. Ida
Holt teacher in the Primary room sent
out invitations to parents and relatives
of the children to be present at 3 o'clock
and listen to the program that was car-
ried out in a nice manner which would
give credit to older ones. There were 30
visitors present and the following was
the program:

LOVELL.

Submitted to Experiments.

Dr. Edville Gerhardt Abbott of Port-
land, Me., orthopedic surgeon to the
Maine General and Children's Hospitals,
has recently published in the New York
Medical Journal an article entitled
"Simple, Rapid and Complete Reduction
of Deformity in Fixed Lateral Curvature
of the Spine." Dr. Abbott has obtained
successful results in some twenty-eight
cases of lateral spinal curvature which
he has made straight by his new method.
He gives much credit to one of his pupils,
who submitted to experiments
which helped to demonstrate the practi-
cability of his theories. The one to
whom he refers is an Oxford County
boy, Oramel H. Stanley of Lovell.

Mr. Stanley submitted to the process
of first having established a fixed right
dorsal lateral curvature of his spine,
then of having this deformity changed to
a fixed left dorsal curvature and finally
of being made straight again. To obtain
these results it was necessary for him
to wear a series of three plaster of
Paris dressings for nearly three months.

Mr. Stanley is a graduate of Fryeburg
Academy, of Bowdoin College and is
now a fourth year student in Maine Medical
School.

EDITOR OF NORWAY ADVERTISER:—
There is going the rounds of the press
of Maine the following squib:—"Simple, Rapid
and Complete Reduction of Deformity in Fixed
Lateral Curvature of the Spine." Dr. Abbott has
obtained successful results in some twenty-eight
cases of lateral spinal curvature which he has
made straight by his new method. He gives
much credit to one of his pupils, who submitted
to experiments which helped to demonstrate the
practicability of his theories. The one to whom
he refers is an Oxford County boy, Oramel H.
Stanley of Lovell.

Mr. Stanley submitted to the process
of first having established a fixed right dorsal
lateral curvature of his spine, then of having
this deformity changed to a fixed left dorsal
curvature and finally of being made straight
again. To obtain these results it was necessary
for him to wear a series of three plaster of
Paris dressings for nearly three months.

Mr. Stanley is a graduate of Fryeburg
Academy, of Bowdoin College and is now a
fourth year student in Maine Medical School.
